(Address) _____

and the United States Postal Service (USPS), with offices at National Customer Support Center (NCSC), LACS^{Link} Licensing Department, 6060 Primacy Pkwy, Suite 201, Memphis TN 38188-0001.

LICENSE AGREEMENT Number: _____-04-LACS^{Link}-XXXXX

In consideration of the grant and mutual covenants set forth herein, the parties agree as set forth below:

Introduction

- USPS has created a confidential and proprietary system (referred to herein as the “LACS^{Link} System” and further defined below) for providing changes to a location’s delivery address. These changes could arise for several reasons, but most commonly arise from implementation of a 911 emergency system, which normally involves changing rural-style addresses to city-style addresses or in renaming or renumbering existing city-style addresses.
- To facilitate the preparation of mail for delivery, USPS has decided to offer the LACS^{Link} System commercially, which will provide greater efficiency and economic benefits for businesses in the mail industry and the USPS. Furthermore, to market or use other USPS mail preparation systems such as the CASS System or the NCOA^{Link} System, it is required that the LACS^{Link} System be readily available for use.

UNITED STATES POSTAL SERVICE
